

保良局曹金霖夫人幼稚園

Po Leung Kuk Mrs. Chao King Lin Kindergarten

The school adopts the Positive Education with the support from local and Australian education experts. Teachers at the school use the framework used by Geelong Grammar School in Australia. Our school promotes Positive Education adopt strength-based approach to teach students. Cultivating positivity in early childhood can better prepare our students to face adversities in life.

We make good use of the school environment to establish a positive learning atmosphere. It is our aim that students can practise positivity in their daily lives.

Positive Activities

We value the all-round development of our students. Positive education helps us to develop the growth mindset among our teachers, parents and students. This allows our students to bring out their character strength, appreciate our effort and gain satisfaction and confidence. This also encourage our students to face their life challenges with positive attitude.

Use the mindfulness jar to relax

Daily sharing of feelings and experiences between classmates

The Positive Parent Group had a cookie baking session

Help our students and parents to appreciate themselves and others. Help them to develop a positive outlook on their lives through various activities
