

Birthday Newsletter

Hello everyone! Our “Birthday Newsletter” is here once again! There’s a saying that time flies by quickly when you’re having fun, now we can see that it’s true as we’re already at our 4th birthday party of the school year.

The school has always been committed to promoting health awareness through various channels such as “Little Healthy Fighter Award Scheme” and the ongoing “Home-school Oral Care Activity” in hopes to help children develop good living habits through that of recording down their milestones and reward programs. It has been almost a month since the activity was launched and the results have been well received. On 19th May, we will be launching “Joyful Fruit Month”, where children will be able to try out various fruits during snack time throughout the month. We hope that this activity can create an environment for children to enjoy fruits, cultivate their habit of eating fruits every day and to teach them the many benefits fruits have for our health.

In order to raise children’s awareness of “Joyful Fruit Month”, April, May and June’s birthday party will carry the theme of “*FUN FUN* Fruitful Days”. To create a more enthusiastic atmosphere, we highly encourage children to wear fruit-shaped costumes to participate in the activities on that day. We hope to see many colourful fruit costumes!

☆ Following are the points to be noted regarding the Birthday Party (April, May, June) ☆

Theme: FUN FUN Fruitful Days

Date: 31st May 2024 (Friday)

Time: School hours will remain as usual

Clothing: Fruit-shaped costume or casual clothing

Others: Bring along the plastic tote bag (pink bag), water bottle, student card and temperature card

(Students need not wear their school uniforms and bring their school bags)
