Class	K3	
Activity name	Ocean World	
Activity Objectives	Children can enhance their understanding and love of marine life by touching coastal creatures and participating in puppet shows. This helps them cultivate awareness of ocean conservation, understand its importance, and learn how to treat the environment responsibly, fostering an environmental awareness from an early age.	
Activity content	During their "Wonders of the Ocean" exploration, children can touch coastal creatures such as starfish and sea cucumbers. Furthermore, through storytelling and interactive games, they learn about ocean conservation and its importance. The entire activity uses an engaging approach to teach children important lessons, such as avoiding littering. Finally, the children visit the aquarium to view a variety of marine life.	
Activity Results	The activity can: 1. Promote children's learning (knowledge, skills, values, and attitudes) 2. Enhance children's interest in learning 3.
