Class	K3	
Activity name	Environmental Protection Elite	
Activity Objectives	Children can identify different types of recyclable items, understand the importance of recycling and the recycling process, and cultivate environmental awareness and creativity through creative activities.	
Activity content	At Kwai Tsing Community Green Station, staff will explain the various recyclable items (such as small electrical appliances, plastics, paper, aluminum and tin cans, etc.) to the children and ask them to place their recyclables in the correct bins. They will then explain how the items can be recycled (for example, using plastic bottle caps to create decorations). Finally, the children will create crafts using various environmentally friendly materials.	
Activity Results	The activity can: 1. Promote children's learning (knowledge, skills, values, and attitudes) 2. Enhance children's interest in learning 3.
