

Dear Principal Wong, teachers and faculty members,

I am writing to express my heartfelt gratitude to all of you for nurturing my daughter, Bethany Tin Yan Lau, for these last three years.

Her time at PLK Mrs Tam Wah Ching Kindergarten has been a happy one and she greatly enjoyed the lessons, the fun day trips, the playtime periods and the various afterschool activities that you provided for her. She would come home and tell us about all the wonderful things she had learnt during the day.

She had made major improvements in her writing because of the teachers' constant guidance and feedback. You also gave her plenty of opportunities to express her artistic creativity and now she likes to draw and write in her free time.

We were proud that she was selected to perform at the graduation play at AsiaExpo and the Putonghwa musical. We were also delighted that she was considered good enough to complete in the English and Putonghwa speech competitions. These opportunities to perform in public have greatly improved her confidence and she really enjoyed taking part in them.

My wife and I believe that PLK Mrs Tam Wah Ching Kindergarten had contributed greatly to Bethany's emotional, moral and physical growth. Your staff correctly identify she had speech learning difficulties and so she attended PLK's 'I Can Fly' programme. The results have been amazing as she was able to catch up with her peers a lot sooner than expected. We also would like to thank the social workers for their time and effort in helping her express herself better.

She really liked everyone who worked at your kindergarten because your staff are kind and generous with their time. We will miss the school but we will look back fondly at such an important stage in her life and hope that she can give something back to your school in the future.

Yours sincerely

Simon Lau (Bethany's father)
