| Providing occasional child care services | - | Providing extended hours services | - |

Curriculum Details

Curriculum type : Local

Curriculum planning

In line with the Guide to the Pre-primary Curriculum, the school adopts a bilingual method of teaching, both English and Chinese. However, the school strives to achieve trilingualism by introducing Mandarin too. To improve the students' language skills, we create an interactive environment by using drama and classroom activities. Student-teacher interaction is heightened through games

We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.

Learning / Teaching approach & activities

We adopt small group teaching and a Thematic Approach where we organize various activities such as festival celebrations, outdoor visits, talks and community outreach programmes. This enables students to integrate into society and broaden their knowledge about their surroundings.

Assessment of children's learning experiences

Ongoing assessments and continuous observations are carried out to record students' progress and learning capabilities.

School Characteristics

School vision and mission

This school was formerly known as Escola Camoes English Kindergarten. It was and still is a non-profit organization with over 40 years of history. It moved to Whampoa Garden in 2000 and adopted the Po Leung Kuk's operation model to nurture children to attain comprehensive development of the five educational domains. We strive to cultivate children's intuitive, independent thinking and to develop their innate potential.

Support to students

An orientation day is organized for new parents and their children. Lesson time is gradually increased to ease students into the school routine. We arrange primary school visits for students. Chinese learning classes are held to aid non-Chinese children. Social workers are also provided for individual counseling and follow-up services for those in need.

Support to non-Chinese speaking (NCS) students

Received Grant for Support to NCS Students; appoint additional teaching staff / teaching assistants to support NCS students learning Chinese; engage NCS parent volunteers to enhance communication between school and parents; create an enriched language environment for mastery of the Chinese language; create an inclusive learning environment to facilitate students' integration.

Support to students with special needs

Joining the On-site Pre-school Rehabilitation Services.

Link with parents

Parent-teacher association : Yes

Other activities / communication with parents

The parent-teacher association was established in 2010. Regular parent-child activities and workshops are organized throughout the year. Parents are able to volunteer with many activities. The school arranges school visits so parents can gain a better understanding of their child's school routine. There are also bi-annual parent meetings, questionnaires and surveys.
