

Kindergarten Education Program

Chinese Culture School-based Learning Activities

Content of Activity

Po Leung Kuk Tin Ka Ping Siu Hong Kindergarten

School Name

2023-2024

School Year

Teachers, K1, K2, K3

Class

Activity

Learning and exchange activities for teachers on Chinese culture.

Goal

- Understand Chinese culture and be able to make teaching plans and preparations
- Broaden cognitive horizons
- Teachers can be a good role model for leading children.

Introduction

- Children learn from imitation. Teachers attitudes and behaviors need to live out the fine traditions of Chinese culture and become a model for children to learn.
- Teachers conducted the "The Art and Culture Exchange Activities in Greater Bay Area" during Easter in April and went to Jiangmen for observation. The cordial exchanges between mainland campuses and different local art experience activities have benefited us a lot and can inspire each other in teaching new knowledge.
