

How we support Non-Chinese Speaking (NCS) Children

1. We carry out group and individual learning activities, such as assisting children to read books aloud, to use reading pens and learn Cantonese pronunciation during activities.
2. We write observation reports of NCS children's language development.
3. We organize diverse and inclusive cultural activities, such as International Cultural Carnival, English mixed-age activities during Christmas and Easter, Chinese New Year game day.
4. We provide parents' notices in English.
5. We arrange daily communication and exchanges between our English teachers and NCS parents.
6. We meet NCS parents individually on Parents' Day.
7. We organize home visits.
8. We organize seminars for NCS parents.
